THE SETTING

ONE PROPERTY THREE WORLDS

Mahogany Bay Resort & Beach Club occupies a 60-acre peninsula on the western shore of Ambergris Caye, fifteen minutes north of San Pedro by water. The resort itself centers on the Great House and its own village — a working General Store, Coffee Shop, and Marina — so your group can wander on foot between meetings, meals, and the pool. A short complimentary boat ride crosses to the The Beach Club, a private, palm studded stretch of white sand with overwater hammocks and a bar and grill, closed to outside guests. For groups, that boat ride does something useful — it turns a beach party into an event, not just a walk to the shore.

VENUES & CAPACITIES

PERFECT SPACES
FOR YOUR GROUP

Every event anchors at the Great House, the largest timber structure in Belize, then spills outward — onto the veranda, into the ballroom, or across the water to the Beach Club for a full buyout.

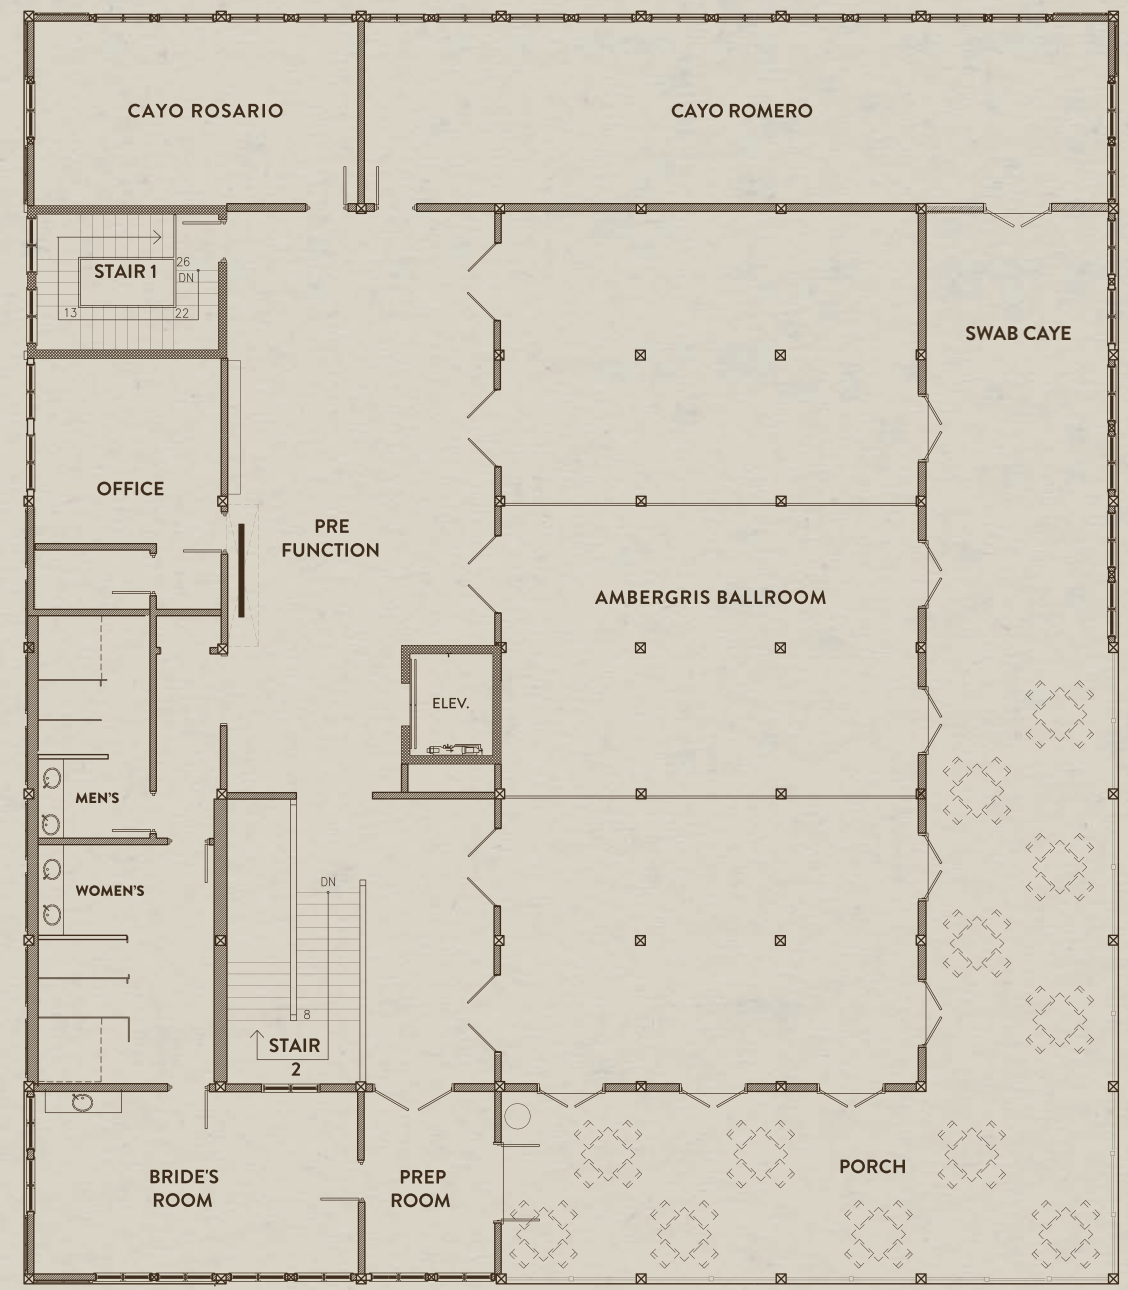

AMBERGRIS BALLROOM The Great House’s principal hall — timber-framed, air-conditioned, and dividable for breakouts or a plenary session.

THE VERANDA A wraparound covered porch off the Great House, open to the breeze — built for cocktail hours and rehearsal dinners.

CAYO ROMERO A smaller meeting room for boardroom sessions, leadership off sites, or a bridal party green room.

THE BEACH CLUB Belize’s only private beach club, closed to outside guests for the day — kayaks, hammocks, corn hole, and a bar built into the sand.

THE BAY CLUB A Miami-style grand pool and bar at the resort’s center, well suited to a welcome reception or closing party.
